Geography Journal Subscription Offer for Years 9, 12 and 13

The Geography Department wishes to advertise two excellent student geography journals that you may wish to purchase for students. There are four editions of the journal published throughout the year which include excellent topical articles on a range of geography issues. Some will be related to topics the students have studied and others will be 'enrichment' articles to broaden their geographical understanding and knowledge. For KS4 and KS5 students, there are also exam skills and model answers.

There are two journals to choose from:

'Geography Review' is £15.30 per year for four journals – aimed at A Level students, Years 12 and 13. Also includes excellent research opportunities and ideas for forthcoming course work.

'Wide World' is £10.20 per year for four journals – aimed at GCSE students and might also be useful for Year 9. Broadens geographical understanding with exam tips.

The due date for payment on Parent Pay is **Friday 28th January 2022**. The order will be placed soon after and it normally takes approximately two weeks or so to arrive. A message will be sent via the school newsletter to confirm when they have arrived, and will be distributed by geography teachers.

If you wish to make a purchase, please do so on Parent Pay and please also discuss with your child that you have done so.

It is likely that two editions will be ready for collection soon, and a further two later on in the year.

Further details can be found below on the publisher's (Hodder), website HERE and HERE.
