JFS CHARGING POLICY

Reviewed in the Spring Term of 2018

Next due for review in the Spring Term 2021

The Governing Body has adopted a charging policy for JFS in certain areas of activity, based on the provision of the Education Reform Act 1988 (the Act). Any charges so levied will be based on cost to the School. In addition, the following principles apply to voluntary contributions:

- JFS maintains the right of students to free school education and the activities offered wholly or mainly through the normal school day are available to all students free of charge.
- JFS seeks to enrich the curriculum for students generally by the introduction of extra optional activities outside the basic National Curriculum.
- JFS may therefore approach parents for voluntary contributions to support certain optional activities.
- In respect of such optional activities and voluntary contributions by parents, the Governors wish to make it clear that no students will be omitted from such activities if their parents are either unable or unwilling to help meet the costs of such activities.
- The Headteacher and Governors may remit some charges in part or in full as reasonable in particular individual circumstances.
- If the School does not receive the support of parents generally for such activities, it may not be possible to hold them.

APPLICATION OF VOLUNTARY CONTRIBUTIONS AND CHARGES

1 Materials and equipment

Parents may be requested on a voluntary basis only to make a contribution towards the costs of materials, books, instruments or other equipment in areas of cost-intensive subjects such as Art and Technology. Such contributions would permit release of resources from the school budget for the enhancement of the curriculum generally.

2 Transport

No charges will be made for transport provided by the School between school premises. A student, however, going from home to vocational training must pay his or her own costs.

3 Education partly during the School Day: Residential*

Residential educational activities involving one or more nights away and which are deemed to take place during the school day will not be charged for other than on a voluntary basis. However the expense of board and lodging will be charged for at cost. Similar activities deemed to be outside the school day will be charged for.

- 4 Education partly during the School Day: Non Residential***
Non-residential educational activities which fall partly outside school hours (such as an excursion) will be charged for at cost where more than 50% of the time of the activity falls outside the school day.
- 5 Education outside the School Day***
Activities involving education outside of the school day and consisting of optional extras under the Act will be charged at cost. Participation will be on the basis of parental choice and a willingness to meet such charges as are made. Parents will therefore be given full information in advance and their approval required in writing.
- 6 Tuition in playing musical instruments**
With the prior written agreement of parents, a charge will be made for individual students who receive tuition in playing musical instruments where such tuition falls outside the required syllabus for a public examination or as is required by the National Curriculum.
- 7 Charging in kind**
The School may charge for or require the supply of ingredients and materials in subjects where articles are made or provided and parents have indicated in writing, in advance, a wish to own the finished product.
- 8 Recovery of wasted public examinations fees**
If a student fails without good reason to complete the examination requirements for any public examination for which the governing body has paid an entry fee, such costs will be charged to parents regardless of whether the examination is prescribed by law.
- 9 Breakages and Fines**
Parents may be asked to pay for the costs of replacing a broken window or other items, or for defaced, damaged or lost text books, exercise books and equipment where this is the result of a student's behaviour.
- 10 Remissions Policy**
The Governing Body will consider remitting the costs of any charges where parents have made representations of particular financial hardship. Complete remission of board and lodging charges will be made to parents who receive Income Support, Family Credits, Universal Credit, Income Based Jobseekers Allowance, support under part VI of the Immigration and Asylum Act 1999, Child Tax Credit (providing that Working Tax Credit is not also received and the family income does not exceed the limit set by HMRC, the guarantee element of State Pension Credit or an income related employment and support allowance introduced in October 2008.
