

## **Safeguarding in the curriculum at JFS**

**Everyone** has a responsibility for safeguarding children and young people. **Keeping children safe in education** makes the link between safeguarding and the curriculum

At JFS we consider how our pupils may be taught about safeguarding, including online, through teaching and learning opportunities, as part of providing a broad and balanced curriculum. This includes covering relevant issues through Personal, Social Health and Economic education (PSHE), and through Relationship and Sex Education (RSE). We are also committed to drawing on the experience of external groups and visitors such as our local Safer Schools Police Officers and others to deliver assemblies and workshops on specialist areas throughout the academic year.

### **Some of the topics we will explore with students this year include:**

- Discrimination, equality and LGBTQ
- LGBTQ: Challenging homophobia and transphobia
- Consent
- Sexual Health
- Personal Safety
- E-Safety and Cyber Crime and Cyberbullying
- The impact of Social Media/Online Safety
- Developing healthy, safe and respectful relationships
- Sexual Violence and Harassment
- Drug and Alcohol Misuse
- Pornography and the sharing of sexual imagery
